

**The New Hampshire  
Child Care  
Advisory Council**  
a legislatively-enacted body

January 27, 2022

To our Senators, our Representatives, and our Governor,

We, the undersigned individuals, organizations and businesses, ask you to support the Child Care: the Workforce Behind the Workforce Act of 2022. SB446-FN-A is an important, bipartisan bill which will establish a child care workforce fund and grant program and make an appropriation of \$8,950,700. Its purpose is to offer more tools to child care employers to retain and recruit their staff, whose job enables other Granite Staters to report to work.

As the bill points out, “Industries rely on a stable and qualified workforce. Many industries in the Granite State are struggling to recruit and retain their workforce in these unprecedented times. Child care businesses are no different. What is different is that the child care industry employs the workforce behind the workforce, allowing employees from other industries to be and stay on the job... The child care industry is also unique in its dual role of supporting the workforce of today while preparing the workforce of tomorrow.”

Now is the time to pass this important piece of legislation to demonstrate our state’s ongoing commitment to and regard for those who work in child care here in New Hampshire and to continue to do whatever we can to retain and recruit this critical workforce.

Of the 1,894 signatories, below, 49% are parents, grandparents or family members and 33% are teachers, child care or early childhood professionals. 195 of the total are New Hampshire businesses and organizations. A list of the 187 New Hampshire towns and cities represented here can be found on the last page, page 12. If you would like any further information, please do not hesitate to call (603) 226-7900 or email [info@earlylearningnh.org](mailto:info@earlylearningnh.org).

We urge you to pass SB446.

Sincerely,

CC professional = child care professional

EC professional = early childhood professional
